To All Parents

Dear Parents,

As you may be aware, there has been some recent local publicity in the press and on the TV regarding attacks on young people in Milton Keynes.

I would like to take this opportunity to reinforce advice that has been given previously about students being vigilant at all times, both on their way to and from School, and during the evenings and weekends. Students should always take particular care when walking in quieter areas, and where possible ensure that they do not do so alone.

We have been advised by the Police that such attacks are rare, and that there is no need for panic. They say that children should keep in contact and always let their parents know where they are.

I would be grateful if you could ensure that your son or daughter is aware of the safety advice given and to be particularly vigilant.

Yours sincerely,

Mrs. S.E. Parker  
Headteacher
