**DENBIGH CELEBRATE ANOTHER YEAR OF EXCELLENT  
PERFORMANCE**

All of Denbigh's students were today celebrating passes in their A Levels. Two thirds of students achieved the top grades at A Level continuing the School's high record of performance. There were many individual outstanding performances and achievements, with one quarter of Denbigh students achieving the equivalent of 3 grade As. Students performed particularly well in Art, Graphics, English, French, Maths and Further Maths at the top grades.

Individual successes include students taking up places at top Universities such as Cambridge to read Mathematics, Nottingham to read Law and Sheffield to read Medicine.

Sarah Parker, Headteacher said: "I am proud of the achievement of Denbigh students this year. The grades are a testament to the dedication and hard work shown by our students and their teachers. The support that Denbigh parents provide their children cannot be underestimated in the contribution to another year of excellent results."
