The success stories do not end there with students thriving in the very competitive degree apprenticeship market and securing placements where they can work and study in fields such as nursing, media, TfL and Technology.

Denbigh's Headteacher, Dr Andrea Frame said: 'I am so proud of our students' achievements this year and the effort and commitment it has taken to secure such an outstanding set of results. We wish them every success on their university courses and graduate apprenticeship schemes. This is not a forever goodbye however and we look forward to hearing about the next stage of their educational journey. We hope that they join our alumni network and come back to share their post-Denbigh journey and inspire our next generation of students.'
